Under the Investing for Success Agreement for 2016
Chinchilla State School received $206,000

Our full 2016 agreement can be found on our school website. https://chinchilss.eq.edu.au

Our school initiatives are showing substantial progress toward our targets

After reviewing our 2016 Investing for Success agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- Focusing on leadership density across the school utilising four key senior staff members as Curriculum Support Officers in the areas of Prep, One/Two, Three/Four and Five/Six. Leading curriculum teaching and learning, enhancing strong horizontal and vertical alignment of curriculum, teaching, learning and assessment.
- Enhancing zero to eight years initiatives across the school, focusing on the pre-prep programs Koalas, and Koala Cubs. Explore the Age Appropriate Pedagogies initiative within DDSWQ in conjunction with Griffith University.
- Running explicit instruction of school routines and Prep-based initiatives three mornings per week for at risk prep aged children who are struggling with school readiness, with a focus on solid foundations.
- Exploring alternative learning strategies for selected at risk Indigenous students.
- Strategically upskilling teacher aides promoting greater understanding of vulnerable at risk students and AEDC data.
