Our school strategies are showing substantial progress toward our targets

After reviewing our Great Results Guarantee agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

Targeted instructional strategies to increase the percentage of students meeting the National Minimum Standards in all strands.

The development of learning plans for students who fell below the National Minimum Standard.

Initiated opportunities within a professional learning community for teachers to critically reflect on student performance data with guidance from a coach or mentor in order to evaluate strategies and identify successful practice.

The deliberate and purposeful enhancement of the Chinchilla State School Koala’s Program to focus on zero to five year olds and solid transitions to school.

Significant investment in human resourcing to enhance literacy and numeracy attainment for all students.
