From the Principal

School overview

Chinchilla State School has great students, great staff and great parents. It is very much supported by the community and values student success in all areas including academic, sporting and cultural. Chinchilla State School's motto of 'Play the Game' is incorporated in the school's vision of 'All children Learning to the Best of their Ability'. This is underpinned by the explicit teaching and implementation of schools values of Learning, Respect, Responsibility, Belonging and Safety. The school offers curriculum programs in line with Education Queensland with a strong focus on literacy and numeracy. Students in Years 5 and 6 study Japanese. Learning is supported by a support teacher (literacy and numeracy) as well as a Guidance Officer and a student support committee. Literacy is a core essential in all learning. Chinchilla State School has a reading motto that was developed by students and voted on by the school community of "Reading Rocks, Chinchilla State School Socks!". The school operates a whole school reading program encouraging students and their families to read together each night. Weekly acknowledgement occurs of students who achieve the milestones in the "Read with" program. The school rewards and acknowledges academic, sporting, cultural achievements along with appropriate behaviour. This acknowledgement occurs with weekly High Five awards, Give them a Hand awards given daily and Celebration Day at the end of each term for students who consistently display the attributes of a self-managed learner. Students are further supported by mentoring programs and chaplaincy. Opportunities for extension are organised by the school such as attendance at Writers Festivals, Authors in residence programs, nomination in Literacy competitions and attendance at Gifted and Talented camps. Student leaders are developed by attending Halogen Leadership days, operating Project Club, organising sporting equipment loans and helping at school events. The camping program commences in Year 1 and culminates in Year 6. The aim of the program is to develop independence and resilience in students. The Instrumental Music program incorporates two very well supported bands: beginner and concert, with students participating in a range of regional competitions. The choir performs several times a year. The school has undergone an extensive building program in the past few years. The library has been extended and refurbished to include interactive and flexible spaces. The multi-purpose hall has basketball, netball and volleyball courts as well as kitchen and shower facilities. The grounds have been revitalised and redeveloped to include play areas and play forts. Chinchilla State School is a vital and friendly learning community.

Notes:

1. Student counts are based on the Census (August) enrolment collection.
2. Indigenous refers to Aboriginal and Torres Strait Islander people of Australia.
3. [pre-Prep](#) is a kindergarten program for Aboriginal and Torres Strait Islander children, living in 35 Aboriginal and Torres Strait Islander communities, in the year before school.

In 2019, there were no students enrolled in a pre-Prep program.

Average class sizes

Table 2: Average class size information for each phase of schooling

Phase of schooling	2017	2018	2019
Prep – Year 3	22	20	18
Year 4 – Year 6	21	24	18
Year 7 – Year 10			
Year 11 – Year 12			

Note:

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Table 6: Count of incidents for students recommended for school disciplinary absences at this school

Short suspensions – 1 to 10 days	64	89	95
Long suspensions – 11 to 20 days	2	0	0
Exclusions	0	0	0
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	188,429	149,023	192,505
Water (kL)	3,896	3,263	2,688

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.
